Welcome Message

It gives us immense pleasure to announce the first ever academic event of the Society of Fetal Medicine in Western Maharashtra, at the picturesque hill station of Mahabaleshwar to be held from 22nd -24th November 2019.

The aim of this event is to empower delegates with the latest trends in fetal ultrasound imaging and fetal medicine.

We have the privilege of having the finest faculty members practicing fetal medicine and it's probably the first time so many distinguished speakers are coming together to this region to share their knowledge through workshops, lectures and panel discussions.

Mahabaleshwar is one of the finest hill stations in Maharashtra and is known for its strawberry farms and a distinctive local cuisine. The red sands and green mountains provide a stunning backdrop to the lakes.

The delegates have an added opportunity to participate in a simulator 3D/ 4D workshop on first come first serve basis.

*** The first 100 registrations will get complementary membership of the Society of Fetal Medicine. So, hurry up and block your seats.**

We look forward to your active participation in this academic mega event.
